

Authority Mission Statement and Performance Measurements

Name of Public Authority: Schoharie County Capital Resource Corporation

Public Authority's Mission Statement:

The Schoharie County Capital Resource Corporation (SCCRC) exists to achieve and promote job creation and retention in Schoharie County while working with the non-profit sector. The SCCRC will do this by working to attract businesses along with assisting existing businesses who are seeking help to retain or expand their business by offering bond financing, and/or low interest rate financing.

The SCCRC efforts will increase economic activity in Schoharie County by helping those non-profits who want to expand along with new businesses that may be moving to Schoharie County.

The SCCRC believes that these activities are necessary in this economic environment as companies are increasingly burdened by energy costs and other costs and, therefore, at times need assistance to just survive or grow and to make monetary commitments/investments in these times of great uncertainty.

SCCRC stakeholder is the Schoharie County Board of Supervisors while the beneficiaries would be Schoharie County residents. Customers are the not-for profits of Schoharie County.
