## INDEPENDENT AUDITORS' REPORT

Schoharie County Industrial  
Development Agency  
349 Mineral Springs Road  
Cobleskill, New York

We have audited the accompanying financial statements of the Schoharie County Industrial Development Agency (the "IDA"), as of and for the years ended June 30, 2015 and 2014, and the related notes to the financial statements, which collectively comprise the IDA's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risk of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the IDA's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the IDA's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the IDA as of June 30, 2015 and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis on Pages 4 – 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, and historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the method of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the IDA's financial statements as a whole. The supplemental information on Pages 20 and 21 in the other financial information section is presented for purposes of additional analysis and is not a required part of the financial statements. The schedules are the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The schedules of outstanding straight lease agreements and full-time equivalent (FTE) jobs created and retained are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 10, 2015 on our consideration of the IDA's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the IDA's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

Year ended June 30, 2015

---

As financial management of the Schoharie County Industrial Development Agency (the "IDA"), we offer readers of these financial statements this narrative overview and analysis of the financial activities for the IDA for the fiscal year ended June 30, 2015. This discussion and analysis is designed to assist the reader in focusing on the significant financial issues and activities and to identify any significant changes in financial position. The IDA encourages its readers to consider the information presented here in conjunction with the financial statements taken as a whole.

### **Financial Highlights**

The IDA's net position decreased by \$123,198 from last year. This is due primarily to an increase in bad debt expense, a reduction in administrative fees and grant income and a reduction in administrative expense.

The IDA's operating revenues decreased by \$34,697 from last year, primarily as a result of the following:

- Grant income decreased primarily by \$10,500;
- Administrative fees decreased primarily by \$44,800; and
- Offset of an increase in lease income of \$8,900 and interest income of \$9,800.

The IDA's operating expenses increased by \$98,877 from last year, primarily as a result of the following:

- Bad debt expense increase of \$124,000;

Offset by decreases in the following:

- Repairs and maintenance expense of \$2,900;
- Personal service/administrative expense of \$8,000;
- Legal and accounting of \$3,300; and
- Office expense of \$11,000 – Related to website design costs of \$7,200; Mohawk Valley Rehab Corp expense of \$2,800; and dues decrease of \$800.

### **Overview of the Financial Statements**

This discussion and analysis accompanies the IDA's financial statements, including notes to the financial statements and the reports on compliance and internal control to help the reader better understand the financials.

### **Financial Statements**

The IDA's financial statements provide readers with a comprehensive reporting of the IDA's fiscal year 2014 – 2015 transactions and balances. The difference between the assets and liabilities are reported as the net position. Increases or decreases in the net position are an indicator of strengthened or weakened financial position.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

**Financial Analysis**

Operating revenues for the IDA were \$56,953 for fiscal year 2015. This was a decrease of 37% over the prior year. Income net of expenses produced a decrease in net position of \$123,198. At the close of fiscal year 2015, the IDA had a net position of \$2,163,650. This is a decrease of 5% over the prior year, which is attributable to a decrease in administration fees and grant revenues offset by a decrease in administrative expense and an increase in bad debt expenses.

The IDA's prime objective is to provide assistance to existing businesses, business expansions and business startups with professional assistance, educational programs and loans. The loan funds are comprised of grants dedicated to this purpose and matching funds from the IDA's accumulated working capital. The loans in the IDA's statement of net position are the major assets. For the IDA's loans, the financial statement shows a decrease from \$747,241 at year-end 2014, to \$599,072, net of the allowance for uncollectible notes receivable at year-end 2015, a net decrease of \$148,169.

Following is a 2015-2014 comparative summary of the IDA's financial statements, showing the increase in net position:

SCHOHARIE COUNTY INDUSTRIAL DEVELOPMENT AGENCY

NOTES TO THE FINANCIAL STATEMENTS

Year Ended June 30, 2015

---

NOTE 1 ORGANIZATION

The Schoharie County Industrial Development Agency (the “IDA”) was duly established under Title I of Article 18-A of the General Municipal Law of the State of New York, as amended, and Chapter 114 of the Laws of 1973 of the State and is a public benefit corporation of the State.

The IDA was formed for the purpose of encouraging economic growth in the County of Schoharie. The IDA is exempt from federal, state and local income taxes. The IDA, although established by the Schoharie County Board of Supervisors, is a separate entity and operates independently of the County of Schoharie.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Schoharie County Industrial Development Agency have been prepared in conformity with generally accepted accounting principles (GAAP). Significant accounting policies are as follows:

Method of Accounting

As a result of its organization under municipal law, the IDA uses fund accounting to record transactions. Because a major source of revenue is based on fees and rents, an enterprise fund is used to account for and report the IDA’s financial activity.

All enterprise funds are accounted for using the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when they are incurred. Interest on proceeds used in financing the construction of certain assets is capitalized during the construction period.

Depreciation of exhaustible fixed assets used by enterprise funds is charged as an expense against operations, and accumulated depreciation is reported on the enterprise funds’ balance sheets.

Grant Accounting

Pass-through grants are recorded as receivables, revenues, liabilities and expenses when awarded. All other grants are recorded as receivables and deferred revenues upon award of the contracts; revenues are recognized as the IDA meets performance requirements of the contracts.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, management considers all investment instruments purchased with a maturity of three months or less to be cash equivalents.

SCHOHARIE COUNTY INDUSTRIAL DEVELOPMENT AGENCY

NOTES TO THE FINANCIAL STATEMENTS

Year Ended June 30, 2015

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

Accounts Receivable

Accounts receivable is carried at its full value. Uncollectible accounts are charged to expenditures when an account is deemed uncollectible by management. At June 30, 2015, all accounts receivable were considered collectible. The balance at June 30, 2015 and 2014 was \$2,273 and \$3,742, respectively.

Accrued Interest Receivable

Accrued interest receivable consists of interest on certificates of deposits that have been earned but not received. The balance at June 30, 2015 and 2014 was \$-0- and \$2,392, respectively.

Notes Receivable

Notes receivable are shown net of the allowance for uncollectible accounts in accordance with U.S. GAAP. Receivable for loans and mortgages are reviewed periodically by management to update the allowance for uncollectible amounts.

Investments Policy

The IDA's investment policies are governed by State statutes. In addition, the IDA has its own written investment policy. IDA monies must be deposited in FDIC-insured commercial banks or trust companies located within the State. The IDA is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury and obligations of New York State or its localities.

Prepaid Expenses

Prepaid expenses consist of insurance coverage for the next fiscal year, which at June 30, 2015 and 2014 was \$1,624 and \$1,904, respectively.

Interfund Receivables and Payables

Interfund receivables and payables were as follows:

	<u>Receivable</u>	<u>Payable</u>
Operating fund	\$ 92,388	\$ -
Micro Enterprise fund	<u>-</u>	<u>92,388</u>
Total	<u>\$ 92,388</u>	<u>\$ 92,388</u>

SCHOHARIE COUNTY INDUSTRIAL DEVELOPMENT AGENCY

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd.)

Fixed Assets

Fixed assets acquired by the IDA are stated at cost (or estimated historical cost), including interest capitalized during construction where applicable. Contributed assets are recorded at fair market value at the date received. Major additions and betterments in excess of \$1,000 are capitalized, while maintenance and repairs, which do not appreciably extend the useful lives of the related assets, are charged to expense as incurred. There are no reversionary interests by the grantor in the assets. Depreciation is recognized on a straight-line basis over the estimated useful lives of the assets. Depreciation expense amounted to \$6,781 and \$6,203 in 2015 and 2014, respectively.

Revolving Loans and Fund Balance Restrictions

The IDA offers low-interest loans to area businesses. The loans are approved by the governing board after giving consideration to the major criteria, ie, enhancement of the economic environment, revenue recognition on these loans is limited to the receipt of interest. Repayment on revolving loan notes receivable is restricted in their use. While a portion may be used to defer administrative costs, the majority must be used to further economic development in Schoharie County.

Allowance for Uncollectible Notes Receivable

Notes receivable are recorded net of the allowance for uncollectible notes. Uncollectible notes are charged to expenditures using the reserving method. The allowance for uncollectible accounts were \$20,500 and \$-0- for Micro Enterprise Fund and Revolving Loan Fund, respectively, as of June 30, 2015 and 2014.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the report period. Actual results could differ from those estimates.

Events Occurring After Reporting Date

The IDA has evaluated subsequent events through September 10, 2015, which is the date the financial statements were available to be issued.

NOTE 3 CERTIFICATES OF DEPOSIT

Certificates of deposit consist of four separate accounts. For both years ended June 30, 2015 and 2014, certificates of deposit totaled \$596,649 and \$352,642. The certificates of deposit have terms of four to five years, and bear interest ranging from 1% to 2%. The certificates are maintained in three separate banks in 2015 and two in 2014 and are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per bank.

Two notes receivable were written off this year as bad debt expense for a total of \$123,942. A note for \$35,000 was written off due to the borrower filing bankruptcy. The IDA had not received any payments since 2007 on the other note receivable for \$88,942 and has second position on collateral. In the future, if the IDA collects any amount on either of these notes it will be reported as recovery of bad debt.

NOTE 5 REAL ESTATE HELD FOR RESALE

The IDA currently holds the following properties for sale:

- a. Land – Grove Street, Cobleskill, New York; currently recorded at \$170,357.
- b. In the fiscal year ended June 30, 2013, the IDA initiated foreclosure proceedings and through public auction, took possession of property located on Route 20 in the Village of Sharon Springs, New York. The amount invested in the property is \$172,133. The property is currently under a one year lease agreement with an option to purchase the property for \$165,000. The terms of this lease is January 1, 2015 – December 31, 2015 and the lessee may exercise the option to purchase on or before December 31, 2015.

NOTE 6 LIABILITIES

Security Deposits

Security deposits represent amounts held by the IDA with respect to the one year operating lease of the Route 20, Sharon Springs, New York Property (See Note 5).

NOTE 6 LIABILITIES (Cont'd.)

Note Payable

At June 30, 2015 and 2014, the IDA's note payable consisted of a zero percent interest promissory note from National Grid. The funds were to be loaned to eligible applicants pursuant to the National Grid Emergency Economic Development Bridge Loan Program. The funds were to be repaid without interest on or before December 31, 2014 or if and to the extent that the applicants have not repaid the IDA by such date, the earlier of the repayment of such funds or June 30, 2015. At year end, one note remains outstanding. National Grid has extended the repayment date until such times as the note has been collected.

Unearned Revenue

Unearned revenue in the Micro Enterprises Fund consists of interest accrued and capitalized during the renegotiation of delinquent notes receivable. The unearned revenue was being amortized over the remaining life of the notes.

NOTE 7 RELATED PARTIES

The IDA and SCRPC are related through common board members.

For fiscal years ended June 30, 2015 and 2014, the IDA received \$-0- and \$40,000, respectively from the Schoharie County Capital Resource Corporation ("SCCRC") for services provided to SCCRC in connection to a bond issue.

NOTE 8 INDUSTRIAL DEVELOPMENT REVENUE BOND AND NOTE TRANSACTIONS

Certain industrial development revenue bonds and notes issued by the IDA are secured by property, which is leased to companies and is retired by lease payments. The bonds and notes are not obligations of the IDA or the State. The IDA does not record the assets or liabilities resulting from completed bond and note issues in the accounts, since its primary function is to arrange the financing between the borrowing companies and the bond and note holders and funds arising there from are controlled by trustees or banks acting as fiscal agents. For providing this service, the IDA receives bond administration fees from the borrowing companies. Such administrative fee income is recognized immediately upon issuance of bonds and notes. The original balance of the Bassett Hospital Project was in the amount of \$2,400,000 and was issued on February 1, 2001. The bond was completely retired in the fiscal year ending June 30, 2014.

NOTE 9 CREDIT RISK

Cash

State statutes require that collateral be pledged for demand deposits, time deposits, and certificates of deposit at 100% of deposits not covered by the Federal Deposit Insurance Corporation (FDIC). Obligations that may be pledged as collateral are obligations of the U.S. Treasury and its agencies, obligations of the state and its municipalities, school district debt, irrevocable letters of credit and surety bonds issued by State authorized insurance companies. All IDA funds were insured with the FDIC as of June 30, 2015. At June 30, 2014, \$69,757 was uncollateralized as the bank does not provide for collateralization.

Accounts Receivable

Accounts receivable consist of amounts due for reimbursement of utilities paid on behalf of a third party. At June 30, 2015, all accounts receivable were considered collectible.

Notes Receivable

Notes receivable consist of numerous notes with businesses in Schoharie County. The IDA has collateralized its interest in these notes by retaining the reversionary rights to the property or by additional liens and mortgages on the property.

NOTE 10 LEASES

The IDA is a lessor in an one year operating lease agreement for property located on Route 20, Sharon Springs, New York. The monthly lease payment is \$850 for the lease term of January – December 2015. This agreement has an option to purchase for \$165,000 – See Note 5. The IDA received rental income under this lease in the amount of \$10,200 and \$5,100 for the years ended June 30, 2015 and 2014, respectively.

The IDA is a lessor in a lease agreement for office space for the period of February 1<sup>st</sup> – December 31, 2015. The monthly lease payment is \$750 per month. The IDA received rental income of \$3,750 for the year ended June 30, 2015.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

To the Board of Directors  
Schoharie County Industrial Development Agency

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Schoharie County Industrial Development Agency (the "IDA") which comprise of the statement of net position as of and for the year ended June 30, 2015, and the related statements of revenues, expenditures and changes in net position, and statement cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 10, 2015.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the IDA's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the IDA's internal control. Accordingly, we do not express an opinion on the effectiveness of the IDA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the IDA's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the IDA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the IDA's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the IDA's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of the Schoharie County Industrial Development Agency audit committee, management, the State of New York and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Schoharie County Industrial Development Agency  
Cobleskill, New York

We have examined the Schoharie County Industrial Development Agency's (the "IDA"), compliance with Section 2925(3) of the New York State Public Authorities Law and Part 201 of Title Two of the New York Code of Rules and Regulations during the year ended June 30, 2015. Management is responsible for the IDA's compliance with those requirements. Our responsibility is to express an opinion on the IDA's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagement contained in *Government Auditing Standards* issued by the Comptroller General of the United States and, accordingly, included examining, on a test basis, evidence supporting the IDA's compliance with those requirements and performing such other procedures we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the IDA's compliance with specific requirements.

In our opinion, the IDA complied in all material respects, with the aforementioned requirements during the year ended June 30, 2015.

This report is intended solely for the information and use of the Board of Directors, management, and certain New York State Departments and Agencies. It is not intended to be and should not be used by anyone other than those specified parties.
